There is a project for this land authored by Ricardo Cintra Architects, for a single-family house and swimming pool, with an implantation area of 100m2. The project is currently in the process of obtaining a building permit.

As for the project, on the ground floor the social area of the house is developed, consisting of an open plan living room, dining room and kitchen. It also includes the bedroom and the bathroom. The entire area communicates with the adjoining and suspended terrace, from which a deck area develops that accesses the pool.
